EB Docket No. 06-36

### **STATEMENT OF COMPLIANCE PROCEDURES**

Transcend Multimedia is a full-service voice & data telecommunications company. Founded in Illinois in 2002, our company is a leading telecommunications provider focused on simplified billing, cost savings and tier one provider services. Our customers include global organizations as well as small businesses throughout the United States and abroad.

Transcend ensures that its business methods and operating procedures are in full compliance with FCC Rules pertaining to CPNI.

Transcend does not currently and has not in the past used CPNI for marketing purposes. Transcend is therefore excused from the ongoing CPNI notice requirements.

If Transcend's policy regarding the use of CPNI in its marketing efforts changes in the future, Transcend will take the following actions:

- Implement a system whereby the status of a customer's CPNI approval can be determined prior to its use;
- Implement training to ensure its employees and agents are advised of FCC Rules regarding the permissible use of CPNI;
- Maintain detailed, descriptive records of any marketing efforts which make use of CPNI; and
- Establish a supervisory review process regarding CPNI compliance.

Currently, Transcend ensures that no information, CPNI or other, regarding our customers is ever sold or given to any third parties for any purpose, unless pursuant to lawful subpoena.

Furthermore, Transcend's internal network and onsite and offsite data are maintained securely through technology and other methods. All customer information is therefore protected from "hacking" and other forms of misappropriation.
